

1	Identification of the preparation and the supplying Company	Killgerm PX Repel RTU Killgerm Chemicals Ltd, Denholme Drive, Ossett, West Yorkshire, WF5 9NA. Tel: +44 (0)1924 268450 Fax: (0)1924 265033 Email: technical@Killgerm.com		
2	Composition and information on ingredients	Oil of citronella	-	0.195%w/w
		Perfume, emulsifier, water	-	to 100.0%w/w
3	Hazards identification	Not classified as hazardous.		
4	First Aid measures	Ingestion:	Wash out mouth with water. Give water to drink. Get medical advice.	
		Inhalation:	Move to fresh air.	
		Skin contact:	Wash with water.	
		Eye contact:	Wash with water for 10 minutes. Get medical attention if any irritation occurs.	
		Advice to doctor:	Contains perfume ingredients in an emulsifier.	
5	Fire-fighting measures	Extinguishing agents:	Use water spray, dry chemical or carbon dioxide fire extinguishers. Toxic fumes would be evolved in a fire. Self-contained breathing apparatus should be worn by fire fighters.	
6	Accidental release measures	Containment and disposal:	For small spillages (less than 1 litre), dilute with water and mop up. For larger spillages absorb in earth, sand, rags, sawdust or newspaper and dispose of as industrial waste. Mop area with soap and water.	
7	Handling and storage	Precautions in use:	Wear suitable protective clothing (coveralls) and synthetic rubber/PVC gloves when using, plus eye protection when diluting (professional users only). Avoid excessive contamination of coveralls and launder regularly. Do not breathe spray mist. Cover food, food preparing equipment and eating utensils before application. Do not apply to surfaces on which food is stored, prepared or eaten. Do not apply to clothing. Do not apply to bedding. Do not handle treated fabrics until dry and air thoroughly before use. Wash off skin. Wash hands after use. Keep in original container, tightly closed, in a safe place.	
		Storage and transport precautions:		
8	Exposure controls and personal protection	PPE Item	In Use	Spillage
		Gloves	Nitrile gloves 300 mm in length.	Nitrile gloves 300 mm in length.
		Overall	Basic type to ISO 6530.	Basic type to ISO 6530.
		Goggles/ Face shield		Face shield to BS 20921C.
9	Physical and chemical properties	Appearance:	Faintly yellow coloured liquid.	
		Flash point:	None.	
		Flammability:	Not flammable at ambient.	
		Solubility:	Soluble in water.	
		Odour:	Limonene/citronella.	
		Incompatibility:	Not a reactive substance.	
10	Stability and reactivity	Preparation is stable and not reactive.		
11	Toxicological information	Routes of entry/symptoms of contact:		
		Inhalation:	Risk via this contact route is very low.	
		Skin and eyes:	Contact with eyes may produce mild discomfort. Prolonged contact with skin may de-fat the skin and so cause mild irritation.	
		Ingestion:	Oral toxicity is low. May be irritating to mouth, gastro-intestinal tract and stomach.	
12	Ecological information	Preparation is biodegradable. Harmful to fish and other aquatic life. Do not contaminate watercourses or ground. Remove or cover fish tanks and bowls before application.		
13	Disposal considerations	Empty containers:	Empty completely. Wash out with water. Dispose of as below.	
		Unused/recovered materials:	Dispose of via a waste disposal contractor or contact supplier for further advice.	
		Contaminated PPE:	Wash and consider re-use, otherwise dispose of as above.	
14	Transport information	Preparation is not classified.		
15	Regulatory information	Approved under COPR. HSE no. 5791 (IA,IP). Refer to other relevant measures such as Health & Safety at Work etc. Act and the COSHH regulations. The information contained in this data sheet does not constitute the user's own assessment of workplace risks as required by legislation		
16	Other information	Use only in accordance with label instructions. Observe statutory conditions of use on label. Always read the label. Use pesticides safely.
