

1	Identification of the preparation and the supplying Company	Sol-OdamaskH Killgerm Chemicals Ltd, Denholme Drive, Ossett, West Yorkshire, WF5 9NA. Tel: +44 (0)1924 268450 Fax: (0)1924 265033 Email: technical@Killgerm.com		
2	Composition and information on ingredients	Mixture of aromatic and aliphatic aldehydes, ketones, lactones, esters, terpenes, emulsifiers and water.		
3	Hazards identification	Health/Physico-chemical hazard – Environmental –	Not classified. R52/53 – Harmful to aquatic organisms, may cause long-term adverse effects in the aquatic environment.	
4	First Aid measures	Ingestion: Inhalation: Skin contact: Eye contact: Advice to doctor:	Wash out mouth with water. Get medical advice. Remove to fresh air. Get medical advice. Wash with water. Get medical advice. Wash with water for 10 minutes. Get medical advice. Contains perfumes emulsified in water.	
5	Fire-fighting measures	Extinguishers:	Wear self-contained breathing apparatus (forms toxic fumes in a fire). Use dry powder or carbon dioxide extinguishing agents.	
6	Accidental release measures	Spillage (containment and disposal):	Wear appropriate PPE. Surround/absorb with sand, earth or proprietary product. Shovel into a marked container and dispose of via a waste disposal contractor or contact supplier for advice. Wash floor with water.	
7	Handling and storage	Precautions in use: Storage and transport precautions:	Avoid splashing skin, eyes and clothing. Avoid breathing vapours. If hand contact with the product is unavoidable wear synthetic rubber/PVC gloves. Keep in original container, tightly closed, in a safe place. Keep away from children. Keep away from naked flames and sources of ignition. Keep away from foodstuffs.	
8	Exposure controls and personal protection	PPE Item	In Use	Spillage
		Respirator	If required half mask + A1 filter.	Half mask + A1 P1 filter e.g.- Polimask 100 + A1P1 (PC10) filter.
		Footwear	Impervious.	Impervious.
		Gloves	Unlined synthetic rubber/PVC.	Unlined synthetic rubber/PVC.
		Overall		Basic type to ISO 6530 e.g.- EP Coverall.
		Goggles/ Face shield	If required to BS 2092 IC.	Face shield to BS 2092 IC.
9	Physical and chemical properties	Appearance: pH: Flash point: Flammability: Bulk density: Solubility: Odour: Incompatibility:	Magnolia-yellow coloured emulsion. 5.0 – 6.5 43°C. Does not support combustion at normal working temperatures. 0.98 Miscible with water to form white emulsions. Strong characteristic vanilla type. Not a reactive substance. Store away from strong oxidising agents.	
10	Stability and reactivity	Not a reactive preparation.		
11	Toxicological information	Routes of entry/symptoms of contact: Inhalation: Skin and eyes: Ingestion: Symptoms of poisoning:	High vapour concentrations may cause nauseous effects. Undiluted product may be irritating to eyes. Prolonged or repeated skin contact with undiluted product may defat the skin and cause irritation. Oral toxicity of Sol-Odamask H is low. Irritation to stomach.	
12	Ecological information	Harmful to fish. Do not contaminate ponds, waterways or ditches with the chemical or used container. Preparation is biodegradable.		
13	Disposal considerations	Empty containers: Unused/recovered materials: Contaminated PPE:	Empty completely. Wash out with water. Dispose of via a waste disposal contractor or contact supplier for advice. Dispose of via a waste disposal contractor or contact supplier for advice.	
14	Transport information	Not classified.		
15	Regulatory information	R52/53 – Harmful to aquatic organisms, may cause long-term adverse effects in the aquatic environment. Refer to other relevant measures such as Health & Safety at Work etc. Act and the COSHH regulations. The information contained in this data sheet does not constitute the user's own assessment of workplace risks as required by legislation		
16	Other information	Use only in accordance with label instructions. This data sheet has been prepared according to the requirement of Chemicals (Hazard Information and Packaging for Supply) Regulations 2002 (CHIP3).
